1. Policy statement

To provide clear guidelines regarding requests to the District Council of Loxton Waikerie relating to unmade, unformed and formed roads.

2. Strategic reference

From Council's LW Future – 2015 – 2020

3. Policy objectives

The policy will assist Council in determining the extent to which it will be involved in the survey and capital improvement and/or maintenance of unmade or unformed road reserves.

To ensure any works on unmade, unformed or formed roads are undertaken without impact on existing budgeted works. To ensure that there is a fair and transparent process in place for the improvement of unmade roads.

Note: This policy does not apply to vehicular access (driveway) from the road to the property boundary.

4. Principles

This policy has been developed to meet Council's core values. Our core values are the principles, attributes and qualities we hold as important that we will display in the way we go about our business

Core Values

We are

GENUINE

Adhering to moral and ethical principles, being honest, accountable, trustworthy and authentic.

We will

LISTEN

Communicating as well as engaging the community in an open, honest and constructive manner at all times.

We are

CARING

Showing respect, compassion and empathy and being supportive of each other and our community.

We will be

INNOVATIVE

Seeking out and making use of new ideas and opportunities, showing initiative and being progressive, proactive and creative.

We are

UNITED

Working as a team in an inclusive, co-ordinated and collaborative manner to achieve our common goals.

We will aim for

EXCELLENCE

Consistently delivering quality service outcomes and endeavouring to be a high performance organisation.

5. Policy

There is no obligation on the Council to undertake capital improvement and/or maintenance to unmade, unformed roads within a public road reserve for the purpose of access by the land owner to his or her property.

In general, Council will not undertake capital improvements or maintenance works to unmade or unformed roads where the road does not provide access to a property with an existing dwelling. Special circumstances, where a benefit to the community can be demonstrated, such as firefighting access, weed control and access to camp grounds and tourist attractions, may be considered at Council's discretion.

Should a landowner require access via an unmade or unformed road, Council expects that the landowner will provide that access at their cost. This places the landowner in a similar situation to a developer who has to upgrade roads at their cost as part of a new development.

6. Definitions

Public Road Reserve: An area of land gazetted to public use as a road, but does not include State controlled roads. In some cases, these areas may be graded periodically as fire access tracks, or for other purposes. For the purposes of this policy, these roads are considered unmade.

Sealed Road: A road with bitumen, asphalt or paver surface.

Sheeted Road: A formed and surfaced road with pavements constructed of rubble or gravel and by the use of stabilisation processes.

Formed Road: A public road reserve that does not have rubble or gravel paving but which is formed using a grader so that stormwater drainage will occur and to provide a surface for vehicular movements.

Unformed Road: A public road that has been cleared and opened to, and routinely used by the public.

Unmade Road: A public road reserve that has had no capital improvements including clearing. Notwithstanding, an unmade road may be trafficable or un-trafficable in all weathers.

7. Policy delegations
